

Information regarding COVID-19 (coronavirus) is a growing concern among our community. We have asked partnering school districts to keep us informed of the communication and policies that are being shared with families.

At Holtz, we continue to encourage sanitary hygiene practices for staff and students, encouraging anyone with an illness to remain at home in accordance with our handbook's illness policy, and continue to implement daily cleaning/ disinfecting procedures around our school building. If you have any questions or concerns, please do not hesitate to contact us.
